

CHANGE IN PAYMENT PROCESSING

Effective April 21, 2025, we will be switching over to a customer portal for invoice payments. This portal will allow payments of invoices either by credit card or E-check (ACH). Additionally, the portal will include all invoices, paid and unpaid, for your review as well as past payments. A small convenience fee will be included for all credit card payments but not for E-check payments.

To sign up for the portal, please send an email to sales@rescomproducts.com with your company name, location and the email address that will be used for your username. You will receive an email which will allow you to choose your password and log on.
