

RESCOM Products

Wholesale Construction Products

visit www.rescomproducts.com for more details

Hello,

We are Rescom Products, a wholesale distributor established in San Antonio, TX in 2010. We are a distributor of items focused on the construction industry including fiberglass mesh, stucco accessories, foams, adhesives, caulk sealants, and fasteners, among others.

Over the years we have built a dedicated clientele of dealers that count on us to provide the products they need at a price that saves them money, with customer service that is second to none.

On the construction side we are proud to offer a full line of EIFS/stucco items including fiberglass mesh, mesh tapes, stucco washers, base coat, and the associated hand tools and floats for a wide variety of stucco and masonry applications.

Feel free to check out our website at www.rescomproducts.com to see our full product offering along with tech specifications and demonstration videos. Our line card on the reverse side highlights many of the product categories and SKUS we have available.

With your continued support and feedback, we are always working to provide the products and solutions your business needs to succeed. With decades of experience sourcing products for the construction industry, we are committed to helping you find exactly what you need. If there is a product you do not see available, give us a call — we would appreciate the opportunity to source it for you. If you have any questions or need pricing on items in this line card, please reach out to us for further information.

Thank you so much for your time today, appreciate your consideration!
